The effect of any decision shall not be impaired or waived by any negotiations or settlements or offers made in connection with the dispute, whether or not the County Mayor participated therein, or by any prior decision of others, which prior decision shall be deemed subject to review, or by any termination or cancellation of the Agreement. All such disputes shall be submitted in writing by the Developer to the County Mayor for a decision, together with all evidence and other pertinent information in regard to such questions, in order that a fair and impartial decision may be made. APPENDIX A**SCOPE OF SERVICES****1. Introduction**

Miami-Dade County, hereinafter referred to as the County, as represented by Miami-Dade County Public Housing and Community Development (PHCD) Department, is contracting with qualified developers who have been included in a pool of developers for the development or substantial rehabilitation of affordable single family homes on County property. These homes will be sold to low and moderate income persons as part of the County's Infill Housing Program. Pool members will participate in the Infill Housing Developer Pool, herein after referred to as the "Pool", for projects as they become available. The Pool will expedite the selection process. As needed by the County, and when infill properties are available, the County will issue a Work Order Proposal Request (WOPR) advising all Pool members of the available infill property. A competitive process among interested Pool members will be conducted by the County and at the sole discretion of the County a Work Order may be issued.

2. Background

The Infill Housing Program was established to provide County owned property to developers to increase the availability of affordable homes for low and moderate income persons, maintain a stock of affordable housing, redevelop urban neighborhoods by eliminating the blight of vacant, dilapidated or abandoned properties, equitably distribute homeownership opportunities within the Infill Target Areas, and generate payment of ad valorem taxes. The Infill Housing Program shall facilitate the sale or transfer of County-owned properties to qualified developers. The developers shall be required to build affordable homes to be sold to low and moderate income persons. Although the Infill Housing Initiative is primarily designed to create affordable homeownership of single family homes, the County under limited circumstances may in its sole discretion permit developers to rent these homes to qualified low or moderate income families. Pool members shall be able to provide the services listed in the Infill Housing Program Guidelines established by Implementing Order (IO 3-44). The restrictive covenants will be sufficient for recording in the public records of Miami-Dade County, Florida, encumbering the individual property or properties, specifying the restrictions of the property and such further arrangements, restrictive covenants, and resale restrictions as are necessary.

3. Structure of Pool

Developers signed an agreement with the County to be accepted into the Pool. The agreement may be updated periodically to reflect new County or State requirements. The agreement will be supplemented, upon project award, by individual Work Orders (see Section 4 below). Membership in the Pool is a prerequisite for having an opportunity to compete to receive land from the County for the development of Infill Housing. However, there is no guarantee that any or all Pool members will obtain any property through this Pool. Selection into the Pool does not guarantee receipt of any property and does not provide for exclusive rights to obtain property from the County.

At the County's discretion, the Developers may be removed from the Pool for a failure to propose on projects offered through WOPRs, poor performance on any Work Order issued or any other County award(s), failure to accept awarded lots, being in arrears in obligations to the County, and any other reason specified by County policies and procedures. Developers shall maintain the qualifications of the firm, and proposed personnel, at a standard consistent and equivalent to the qualification submissions submitted in response to the Request for Qualifications. Notification of Corporation changes and/or changes in personnel shall be brought to the County's attention, in writing, for approval. The County may, at its sole discretion, reopen the Request for Qualification process yearly to allow additional Developers to be added to the Pool.

Pool members are in no way restricted from responding to other County solicitations falling outside the Pool.

4. Work Order Process

Once the Pool is established, the County at its discretion, may make available County owned lots, which may require corrective actions, (e.g., zoning variances, platting, waiver of plats, septic tanks, etc.) for residential development or substantial rehabilitation, to the Pool members through a competitive WOPR process. The Pool will service requests from PHCD. When projects arise, PHCD will prepare a scope of work and provide Pool members with information regarding the selection process and response requirements, potentially to include written proposals and/or oral presentations. Minimally, Pool members may be required to submit a site plan, floor plan, and elevation drawings for each home along with a pricing schedule. Proposals submitted by Pool members will be evaluated by the Affordable Housing Selection Committee, based on criteria established in the WOPR. Selected Developers will be required to sign an agreement stating that they agree to build the home as proposed in the WOPR. Once the agreement has been signed by the Developer, the County will convey the lots to the Developer via a County deed or restrictive covenant.

In the event that no Pool member bids on the County owned lots through the WOPR process, the County, at its sole discretion, may dispose of properties in accordance with the requirements of Florida Statute 125.379, Disposition of County property for affordable housing.

Local Preference and Certified Service-Disabled Veteran's consideration will not apply to individual Work Orders.

Note: County Liens and citations may be released after the home is sold to a qualified buyer and a restrictive covenant is recorded at time of closing. The Developer is required to follow the requirements for the release of liens from the City of Miami and other municipalities for which the County has no jurisdiction in these matters.

5. Negotiations

The County may award a Work Order on the basis of initial offers received, without discussions. However, the County reserves the right to enter into negotiations with the recommended Pool member. If the County and the recommended Pool member cannot negotiate a successful agreement, the County may terminate said negotiations and begin negotiations with the next Pool member. This process may continue until a Work Order has been issued or all Pool members who competed have been rejected. No Pool member shall have any rights against the County arising from such negotiations.

6. Impact Fee Exemptions or Refunds

New homes constructed through the Infill Housing Program may qualify for certain impact fees to be refunded once a restrictive covenant has been recorded on the property stating that the property will remain affordable during the control period, and the home has been completed and sold to a qualified household. Developers must submit the "Request for Impact Fee Reimbursement" no later than 12 months after the sale of the home to a qualified family and in accordance with Infill Housing Program Guidelines. (The home buyer income must be 80% or less of the Area Median Income at time of closing.)

7. Performance Bond

A Payment and Performance Bond will be required for any project that the County retains title to. Before execution of any agreement resulting from a WOPR between Miami-Dade County and a Developer, the Developer shall execute and deliver to the County a Payment and Performance Bond in an amount as required by Chapter 255.05 of the Florida Statutes. Refer to Attachments D and E, Maintenance Performance and Payment Bond Forms.

8. Living Wages

The provisions of Section 2-8.9 of the Code of Miami-Dade County (also known as the Living Wage Ordinance) may apply to any Work Order hereunder, depending upon the services solicited and the value of the Work Order unless the Project is federally funded and federal labor standards such as the Davis Bacon Act and other related federal labor standards apply. By submitting a proposal, a Developer agreed to comply with the provisions of Section 2-8.9 of the Code of Miami-Dade County, and to acknowledge awareness of the penalties for non-compliance. The Developer shall provide compensation equal to or exceeding the Living Wage benefits, pursuant to Living Wage Ordinance (Ord. No. 99-4) as specified in any Work Order to which the Ordinance applies. Refer to Attachment C, Supplemental General Condition Living Wage.

MIAMI-DADE

Implementing Order No.: 3-44

Title: Infill Housing Initiative

Ordered: 04/06/2010

Effective: 04/16/2010

AUTHORITY:

The Miami-Dade County Home Rule Amendment and Charter, including among others, Section 1.01 and 2.02 A and Article VII Section 17-121 thru 17-128.1 of the County Code.

SUPERSEDES:

This Implementing Order supersedes Administrative Order 3-44 ordered January 25, 2007 and effective February 8, 2007.

SCOPE:

This Implementing Order establishes the process for implementation and management of the Infill Housing Initiative for Miami-Dade County. The procedures established to carry out the goals of the Infill Housing Initiative shall be referred to as the Infill Housing Program.

POLICY:

Article VII Section 17-121 through 17-128.1, of the Code of Miami-Dade County creates a specific methodology for handling infill housing, including, but not limited to, the identification of property; acquisition, transfer and sale of property; reversion of title to the County in the event of non-performance; forgiveness of liens; and construction and rehabilitation loan provisions. The various activities necessary to administer the Infill Housing Program as well as the various agencies responsible for its implementation are outlined in this document. This Implementing Order also directs the creation of the Affordable Housing Review Committee (AHRC) and the Affordable Housing Selection Committee (AHSC).

The purpose of the Infill Housing Program is to increase the availability of affordable homes for low and moderate income persons, maintain a stock of affordable housing, redevelop urban neighborhoods by eliminating the blight of vacant, dilapidated or abandoned properties, equitably distribute homeownership opportunities within the Infill Target Areas, and generate payment of ad valorem taxes. The Infill Housing Program shall encourage the sale or transfer of County-owned properties to qualified developers. The developers shall be required to build affordable homes to be sold to low and moderate income persons. Although the Infill Housing Initiative is primarily designed to create affordable homeownership of single family homes, the County under limited circumstances may at its sole discretion permit developers to rent these homes to qualified low or moderate income families.

Except as otherwise specified, the General Services Administration is charged with the overall responsibility of administering the Infill Housing Initiative Program under this Implementing Order.

Reduced Real Estate Taxes: The assessed value of the homes constructed through the Infill Housing Program will be adjusted during the control period once a declaration of restrictive covenants has been recorded in the public records stating that the home must remain affordable.

THE INFILL HOUSING PROGRAM PROCESS:

Identifying Lots

GSA is responsible for reviewing the inventory of County property to identify lots that may be suitable for infill housing. Property that is located in the infill target areas and is appropriately sized, residentially zoned, designated for residential use in the County's Land Use Map, or located adjacent to residential uses is presented to the Affordable Housing Review Committee (AHRC) for action. Market conditions of the surrounding area are also taken into consideration when determining whether the property should be presented to the AHRC.

Affordable Housing Review Committee (AHRC)

The AHRC reviews County property identified by GSA as having the potential of being developed with affordable housing. The AHRC is chaired by GSA's Assistant County Manager, or his/her designee, and is comprised of representatives from various County agencies, including General Services Administration, Planning and Zoning, Public Works, Environmental Resources Management, Water and Sewer, Building and Neighborhood Compliance, Finance, Miami-Dade Public Housing Agency, Housing and Community Development, and any other department deemed necessary by the County Manager to review lots being considered for affordable housing.

The AHRC reviews property to determine whether it meets the minimum requirements for development and makes one of the following determinations:

- 1) **Appropriate for Infill Housing Development**
A property or parcel located in the infill target areas which can be developed with four dwelling units or less. These properties are bid out amongst the pool of Infill Housing Developers via a work order proposal process.
- 2) **Appropriate for Affordable Housing Development**
A property, or parcel, that can be developed with more than four dwelling units, regardless of its location. These properties are made available for development via a competitive process.
- 3) **Not Appropriate for Infill nor Affordable Housing development**
Properties determined by AHRC as unsuitable for housing development. Such parcels are addressed through the surplus process as dictated by Administrative Order 8-4.

Properties that are deemed appropriate for infill development, but may require corrective action are forwarded to the appropriate agency for said correction. If it is recommended by AHRC that a variance from zoning requirements be sought or that the zoning of the property be changed, then a request is made to the Department of Planning and Zoning to file a Director's application on said property. GSA initiates such requests for corrective action and reports back to AHRC on their progress.

Clearing Title

All liens of record, citations, violations and special assessments are released or satisfied prior to awarding the lot. GSA identifies any such lien(s) and facilitates the release or satisfaction of said liens, citation, violation, etc. by contacting the County or municipal agency in charge of releasing the lien, etc. Additionally, GSA ensures that the title has been quieted, if necessary, prior to the conveyance of the lot.

Selecting Qualified Developers:

Infill housing developers are selected through a Request for Qualifications (RFQ) process. The RFQ states the minimum requirements a developer must have to participate in the Infill Housing Program including, but not be limited to the following:

- 1) Experience building housing.
- 2) Past performance on similar housing projects
- 3) Financial capacity to build the homes.

Selection of the pool of qualified developers is made by the Affordable Housing Selection Committee (AHSC). The AHSC members are appointed by the County Manager and is comprised of representatives from GSA, HCD, and any other department deemed necessary. The County Attorney's Office shall serve as legal advisor to the AHSC.

Availability of County Property:

County property that has been deemed to be suitable for infill housing by AHRC is submitted to the Board of County Commissioners for their approval. Once approved for infill housing, the property is offered to the pool of qualified developers through a competitive Work Order Proposal process that encourage a mix of housing prices that are affordable to both low and moderate income households. Consideration for award also takes into account status of lots previously awarded to the developer and the developer's past performance in the Program. The Proposals are evaluated and selected by the Affordable Housing Selection Committee (AHSC). Properties are conveyed, leased or made available to the selected developer through a developer agreement which clearly states the obligations of both the County and developer.

Said instrument contains the following restrictions:

- 1) the property shall be developed with an affordable home(s);
- 2) the home(s) shall be sold to an eligible homebuyer;
- 3) the home shall be built within a specified period of time;
- 4) the home shall meet the Minimum Infill Architectural and Space Requirements;
- 5) the sales price of the home shall not exceed the maximum sales price set by the County for affordable housing;
- 6) the developer shall require that the qualified household purchasing the eligible home execute and record simultaneously with the deed of conveyance the County's Affordable Housing Restrictive Covenant;
- 7) that the developer shall forfeit all rights to the property if the restrictions are not complied with.

If the developer is unable to complete the home within the prescribed timeline he/she may submit a "Request for Extension" application to GSA. GSA reviews the request and makes a determination as to whether the request meets criteria established to grant extensions. If the request is denied, the developer shall forfeit all rights to the property, including any construction of any infrastructure or any improvements in, on, to, or under the land, without recourse to recover any costs of said construction. If the property has been conveyed, the developer shall be required to convey the property back to the County. Failure to convey the property back will result in legal action against the developer. Denials of extension requests may be appealed to the County Manager.

Monitoring Construction:

GSA is responsible for closely monitoring the progress of the home by setting milestones for the various phases of development, conducting regular inspections of the site and assisting developers with resolving problems they encounter with the various regulatory agencies.

QUALIFYING ELIGIBLE HOUSEHOLDS:

Every dwelling unit created as a result of the Infill Housing Program must be sold to a qualified household to be used as his or her own primary residence. A household is deemed qualified once the following requirements have been met:

- **Homeownership Counseling:**

The eligible household must complete a homeownership training course through a participating counseling agency that provides financial management, credit counseling and other related technical services to participating families for the purpose of financing a single-family home and has received a certificate verifying that he/she has successfully completed the course.

- **First Time Homebuyer Requirements:**

The eligible household must be a first-time homebuyer. A first-time homebuyer is an individual who meets any one of the following criteria:

- 1) An individual who has had no ownership interest in a principal residence during the 3-year period ending on the date of purchase of the property. This includes a spouse (if either meets the above test, they are considered first-time homebuyers);
- 2) A single parent who has only owned a home with a former spouse while married;
- 3) An individual who is a displaced homemaker and has only owned with a spouse;
- 4) An individual who has only owned a principal residence not permanently affixed to a permanent foundation in accordance with applicable regulations;

- **Income Verification:**

The eligible household must have obtained a loan commitment from HCD or other Miami-Dade County lending partner, stating the average median income of the household and their family size. The income level of the household shall be based

on the income limits published annually by the United States Department of Housing and Urban Development, adjusted by family size.

Certification of Qualified Households:

DHCD or other designated agency of the County will issue certificates of qualification to households that have completed the required homeownership training course and have been determined to meet the income limits of a low or moderate income household. Households that have received a certificate of qualification from other County or non-County agencies that have been authorized by DHCD to qualify households are also eligible to purchase a dwelling unit through the Program.

AFFORDABILITY CONTROLS:

Sales Price of Affordable Home

The maximum sales prices for an affordable dwelling unit shall be published annually by HCD or other designated agency of the County. Said price cannot exceed an amount affordable at the maximum income range set at 140% of median income, taking into account (a) family size; (b) an annual fixed interest rate based on a thirty (30) year mortgage term; (c) payment of up to five percent (5%) down payment by a qualified household; and (d) an estimation of annual property taxes, assessments, loan insurance and financing fees, allowances for property maintenance and repairs, homeowners insurances, homeowner association fees, if any, and allowances for utilities. The initial sales price of all dwelling units constructed through the Infill Housing Program shall not exceed the maximum affordable housing sales price existing at the time of sale.

Declaration of Restrictive Covenant:

Simultaneously with the recording of the deed on the initial sale of the home, the initial homebuyer is required to sign and record a declaration of restrictive covenant running with the land, approved in form by the Director of GSA, the County Attorney's Office, and the Property Appraiser, and sufficient for recording in the public records of Miami-Dade County, Florida, encumbering the individual property specifying the restrictions on the property and shall include the following:

- 1) That the Declaration of Restrictive Covenants shall bind the buyer, mortgagor, and all other parties that receive title to or an interest in the property for a minimum of twenty (20) years.
- 2) The home shall be resold solely to households who have obtained a certificate of qualification confirming that the household meets the eligibility requirements of a low or moderate income household, as defined in the Miami-Dade County Code.
- 3) Owners shall occupy the home as their primary residence and shall not lease the property or any portion thereof.
- 4) Prior to any resale or refinancing of the home, the owner of record shall obtain prior written approval from the Program.

- 5) The home shall not be resold for more than the maximum resale price as defined herein;
- 6) The County reserves its right of first refusal to purchase the property prior to or at the end of the Control Period, if it becomes available for purchase and there are no eligible persons to purchase said home;
- 7) That the Declaration of Restrictive Covenants shall be senior to all other liens or encumbrances on the property including all instruments securing permanent financing, except that tax and assessment liens shall be superior to these covenants. In the event of foreclosure by a first mortgagee, the County may satisfy any outstanding mortgages and take title to the home.

Assessed Value Adjustments:

To ensure that the assessed value of the affordable home takes into account the aforementioned restrictions, GSA shall submit a copy of the recorded covenant to the Property Appraiser's Office immediately after closing. Upon receiving said covenant, the Property Appraiser's Office makes a notation in the records available to the public that the home is subject to affordable housing restrictions and will adjust the value accordingly.

Resale of Home:

Any eligible homebuyer that intends to sell his or her dwelling unit prior to the expiration of the control period shall provide written notification to GSA or other designated agency of the County. The home can only be resold to a qualified household. The resale price of said home shall not exceed the maximum resale price which is calculated by multiplying the current area median income by the resale price multiplier stated in the affordable housing restrictive covenant. Costs for certain property improvements may also be added to the sales price, at the discretion of GSA. Any such improvements must be permanent and substantial in nature and not for decorative or maintenance purposes. Before closing a sale, the seller of the dwelling unit shall submit to GSA for approval.

- 1) A copy of the proposed sales contract;
- 2) A signed copy of the buyer's certificate of qualification;
- 3) An affidavit signed by the seller and the buyer attesting to the accuracy of all documents and conditions of the sale.

No resale of a dwelling unit shall be considered to be in compliance with the Code until all required documents and affidavits have been submitted to and approved by GSA. GSA shall either approve or disapprove all required documents and affidavits in writing within ten (10) business days of receiving all required documents. Applicants that are denied shall be provided reasons for such disapproval in writing and an opportunity to correct any deficiencies.

Notwithstanding the provisions set forth herein, any dwelling unit that is owned for an entire control period by the same individual(s) is automatically released from the Declaration of Restrictive Covenants.

PRIVATE PROPERTY

The County may encourage private property owners to rehabilitate or redevelop their properties as infill housing through the forgiveness of liens and other incentives offered through the Program. There is an application process through GSA to review the lots and determine whether they fall within the target areas. Other factors, including, but not limited to, availability of second mortgage funds for the homebuyer and market conditions may be taken into consideration when determining whether to accept private lots into the Program. In order to be accepted into the Program, the private property owner shall enter into a developer agreement with the County that specifies the following requirements:

- 1) that the property shall be developed with an eligible home(s);
- 2) that the home(s) shall be sold to an eligible homebuyer;
- 3) that the home shall be built within a specified period of time;
- 4) that the home shall meet the Minimum Infill Architectural and Space Requirements;
- 5) that the sales price of the home shall not exceed the maximum sales price set by the County for affordable housing;
- 6) that the developer shall require that the qualified household purchasing the eligible home execute and record simultaneously with the deed of conveyance the County's Affordable Housing Restrictive Covenant;

Once all of the aforementioned requirements have been complied with, the developer shall qualify to have eligible County liens of record released. GSA will coordinate the releases of said liens with the issuing agency.

Failure to comply with these requirements will result in the removal of the property from the Program and forfeiture of any rights to have County liens released.

RENTAL OF HOUSING UNITS

The County in its sole discretion may allow developers to rent eligible homes on a temporary basis if the developer can demonstrate to the County's satisfaction that they have made a good faith effort to sell the eligible home. The term "good faith effort" shall include but is not limited to marketing of the eligible home by listing the home on the multiple listing service for a minimum of three months, placing a "For Sale" sign on the property, and reducing the original asking price by a minimum of 5%. In the event the developer is able to demonstrate that it has used good faith efforts to sell the eligible home and the County permits the rental of said home, the County shall require the developer to rent the eligible home to families who are eligible participants in one of the County's or other local municipality's rental housing assistance programs, including but not limited to, the Section 8 Housing Choice Voucher (HCV) Program administered by the MDPHA or the Household Exiting Emergency Shelter, Transitional Housing and Domestic Violence programs administered by the Homeless Trust. The County shall determine prior to authorizing a developer to rent an eligible home whether the rental of said home is consistent with all applicable state and federal laws and regulations.

Upon the County's approval to rent any eligible home, each developer shall be required to comply with all applicable federal and state housing laws and regulations. Developers shall also be required to rent the eligible homes for a minimum of one year and will not

be permitted to sell said eligible home during the first year it is rented, unless it is sold to the existing tenant.

Failure to obtain such approval will be considered a violation and appropriate enforcement action will be taken.

This rental exception will sunset two years from the effective date of Ordinance No. 10-25.

PROGRAM FEE SCHEDULE:

A schedule of fees shall be established to offset Program operating costs. The fees shall be as follows:

Closing Processing Fee:	\$1,000 for each conveyed lot (includes recording fees)
Private Lot Application:	\$100 (will be returned if lot is rejected)
Temporary Rental Application:	\$100
Release of Lien request:	\$150 (includes recording costs)

ENFORCEMENT ACTIONS:

In the event it is determined that any owner, developer or buyer participating in the Infill Housing Program has violated any of the restrictions in the deed or covenant, staff shall notify the County Attorney's Office and request that they initiate civil action against the party. Staff shall provide an annual report of such violations to the Board of County Commissioners.

REPORTING PROVISIONS

The County Manager will annually submit a status report on the Program to the Board of County Commissioners. Said report shall include, but not be limited to, the number of lots, both County and private, that have been made available through the Program; the number of homes that have been completed and sold to eligible homebuyers; the amount of liens that have been released on private lots; and any pending legal actions.

This Implementing Order is hereby submitted to the Board of County Commissioners of Miami-Dade County, Florida.

I. PURPOSE

1. The purpose of the Infill Housing Initiative is to increase the availability of affordable homes for low and moderate income persons; maintain a stock of affordable housing; redevelop urban neighborhoods by eliminating the blight of vacant, dilapidated or abandoned properties; equitably distribute homeownership opportunities within the Infill Target Areas; and generate payment of ad valorem taxes. The Infill Housing Initiative provides incentives to encourage developers to build affordable housing within the Infill Target Areas. These incentives include free land for qualified developers, forgiveness of County liens and citations on private lots, deferral and/or refund of impact fees and funding assistance in the form of second mortgages for qualified buyers. Although the Infill Housing Initiative is primarily designed to create affordable homeownership of single family homes, the County under limited circumstances may at its sole discretion permit developers to rent these homes to qualified low or moderate income families for up to two (2) years.
2. The Infill Housing Initiative is for new construction and substantial rehabilitation/improvement of single family homes, (as applicable). The County will at its sole discretion, determine applicability of properties to the Infill Program.

1. Notice of Sale or Refinance

- A. When the owner or any successor in title to the owner shall desire to refinance, sell, dispose of or otherwise convey the property, or any portion thereof, the owner shall notify the County in writing of the owner's intent to sell the Property. Said notification is referred to as the "Notice of Sale." Said notice shall be sent to the PHCD's Infill Housing Program, 701 NW 1 Court, 16th Floor, Miami FL, 33136. The County shall determine the Maximum Resale Price which the owner may receive for the sale of the property as calculated below.
- B. The County shall have 60-days from receiving the Notice of Sale from the Owner to enter into a Purchase and Sale Agreement at or below the Maximum Resale Price or provide the owner with written notification of County's intent to waive its right of first refusal.
- C. Should the County not exercise its right of first refusal, the County shall assist the owner in identifying an eligible purchaser ready, willing and able to purchase the property at or below the Maximum Resale Price. The owner shall fully cooperate with the County's efforts in assisting an owner to identify an eligible purchaser.

2. Maximum Resale Price Multiplier Formula

- A. To calculate the resale price multiplier, you divide the original home's purchase price by the current HUD Area Median Income for the Metropolitan Areas in Florida. (Contact PHCD to obtain the current median income.)

B. Example:

Original Purchase Price in 2006	\$175,000.00
2006 HUD Area Median Income for Metropolitan Area	\$55,600.00
Resale Price Multiplier (175,000/55,600)	3.147

3. Maximum Resale Price Formula:

- A. To calculate the maximum resale price of a home you need to determine what the HUD Area Median Income is when the contract is executed and multiply it by the established resale multiplier (3.147), and then add any approved costs for capital improvements. The following example calculates the resale price of the home used in the resale price multiplier example above in the year 2008.

B. Example:

2008 HUD Area Median Income for Metropolitan Area	\$60,000.00
Multiplied by the Resale Price Multiplier	3.147
Net Resale Price in 2008	\$188,849.00
Costs for Capital Improvements	<u>\$10,000.00</u>
Maximum Resale Price	\$198,849.00

4. Capital Improvements:

- A. Costs for capital improvements that are eligible for consideration are defined as documented commercially reasonable costs of structural improvements made to the property by the owner which increase the total square footage of the home.

5. Closing Process

1. Prior to closing on an eligible home, the Current Owner (Seller) shall provide a copy of following documents to the County:
 - A. Certificate of Qualification for the Homebuyer
 - B. HUD 1 Closing Statement
 - C. Copy of Warranty Deed transferring title from developer to the eligible buyer. **Said deed shall contain the following language:**

Since this home was developed through Miami-Dade County's Infill Housing Initiative, governed by Article VII of the Miami-Dade County Code, this home must remain affordable during the "Control Period." The Control Period commences with the date of this deed and resets automatically every 20 years for a maximum of 60 years. In the event

Grantee wishes to sell or refinance the home during the Control Period, Grantee shall obtain prior written approval from the County. Any such sale, transfer or conveyance, shall only be to a "qualified household," as defined in Section 17-122(n) of the Miami-Dade County Code. However, should Grantee own this home for twenty consecutive years, Grantee shall automatically be released from this restriction.

- D. The County will issue a Compliance Certificate stating that the proposed conveyance, sale or transfer of the property to the selected purchaser is in compliance with the rights, restrictions, covenants and agreements contained in the "Affordable Housing Restrictive Covenant for Homebuyers". Said certificate shall be recorded along with the deed for all subsequent sales.

XVI. TEMPORARY RENTAL EXCEPTION

1. The County in its sole discretion may allow developers to rent eligible homes on a temporary basis if the developer can demonstrate to the County's satisfaction that they have made a good faith effort to sell the eligible home. The term "good faith effort" shall include but is not limited to marketing of the eligible home by listing the home on the multiple listing services for a minimum of three months, placing a "For Sale" sign on the property, and reducing the original asking price by a minimum of 5%. In the event the developer is able to demonstrate that it has used good faith efforts to sell the eligible home and the County permits the rental of said home, the County shall require the developer to rent the eligible home to families who are eligible participants in one of the County's or other local municipality's rental housing assistance programs, including but not limited to; the Section 8 Housing Choice Voucher (HCV) Program administered by the PHCD or the Household Exiting Emergency Shelter, Transitional Housing and Domestic Violence programs administered by the Homeless Trust.
2. Upon the County's approval to rent any eligible home, each developer shall be required to comply with all applicable State, Federal, and local codes. Developers shall also be required to rent the eligible homes for a minimum of one year and will not be permitted to sell said eligible home during the first year it is rented, unless it is sold to the existing tenant renting the home.
3. Failure to obtain such approval will be considered a violation and appropriate enforcement action will be taken. This rental exception will sunset on April 5, 2014.

If the covered employer fails to submit such list, in writing, at least seven (7) days prior to the administrative hearing, or fails to seek an extension of time within which to do so, the covered employer shall be deemed to have waived the opportunity to be heard at the administrative hearing. The administrative hearing officer shall have the right to grant or deny an extension of time, and the decision may only be reviewed upon an abuse of discretion.
- E. Hearsay evidence shall be admissible at the administrative hearing, but shall not form the sole basis for finding a violation of Section 2-8.9. The administrative hearing shall be transcribed, taped or otherwise recorded by a court reporter, at the election of the administrative hearing officer and at the expense of the County. Copies of the hearing tape or transcript shall be furnished at the expense and request of the requesting party. In addition to the payment of penalties and back wages, the County Mayor may debar, for a period not to exceed five (5) years, a service contractor or subcontractor and the principal owners and/or qualifying agents thereof found to have violated the requirements of Section 2-8.9 a second time. If the County Mayor determines a covered employer failed to comply with these provisions a third time, the non-complying covered employer's service contract with the County may be terminated.

If the required payment is not made within a reasonable period of time, the County Mayor may order debarment as described above.
